Circular

Sub: AMSP interventions to be practiced strictly in the hospital.

With respect to AMSP meeting dated 28.02.2025 (Friday) at 12:00 noon in the MS Office board room, the following AMSP interventions were finalized to be practiced in our hospital to have a quality care delivery. Few were being practiced previously, few are added. Each intervention has its own accountable HCW whether it's practiced or not and we all should be responsible for that.

S. N.	AMSP interventions	Accountable HCW
1.	Reserve group of antimicrobials for Dept to consider if they don't have own list	HOD
2.	Time-kinetics antimicrobials to be infused over 3hr	ANS/Area incharge
3.	Bedside antimicrobial utility chart for any patient who are on antimicrobials >5days in the hospital	Clinicians and Nurses
4.	Antimicrobial manual/policy	MS
5.	SRF/culture form	MS
6.	Hospital antibiogram	MS
7.	Dept. specific antibiogram	HOD
8.	PK-PD of 20 antimicrobials	Clinicians and Nurses
9.	IV-oral switch	Clinicians and Nurses
10.	Duration of antimicrobials	Clinicians and Nurses
11.	Outpatient parenteral antimicrobial therapy (OPAT)	Clinicians and Nurses
12.	Acute fever management/Tropical fever management	Clinicians and Nurses

Telephone: 0135-2462928

13.	Sepsis and MDRO management	Clinicians and Nurses
14.	Adult vaccination for HCWs and patients	Clinicians and Nurses
15.	Medical prophylaxis	Clinicians and Nurses
16.	Surgical Prophylaxis	Clinicians and Nurses
17.	Right Sampling	Clinicians and Nurses
18.	ID Practices - Right Diagnosis and Treatment V3.0	Clinicians and Nurses

These essential documents are available and updated in the website (AMSP sub-section under patient care section in the institute website having link https://aiimsrishikesh.edu.in/a1_1/?page_id=8011). These must be circulated, informed, and obtained acknowledgement from each HCW of the dept. by the area in-charges. **When new HCWs join** the dept., it's area in-charges' responsibility to inform them about these interventions.

Since these practices are monitored by AMSP committee, if any HCW is found irresponsible to these, it will be considered as negligence to patient quality care and necessary actions will be taken by the hospital administration.

Prof. (Dr.) B. Satya Sree
(Medical Superintendent / Chairperson, AMSP Committee)
