

Corrigendum

Tender no 24/RC/Sero-Immuno/515/2019-Rish(Admn)

Tender for Rate Contract of Serology and Immunology Kits for Department of Microbiology

This is a notice regarding above mentioned Tender. A few changes have been made as given in the table below:

1. Addition

Kit demo” against neat and diluted reactive/positive serum samples (as deemed fit by end user), in front of an expert committee, is mandatory and an essential part of technical evaluation. Decision of technical expert committee will be final – no show at demo invitation implies automatic disqualification

“Preferred kits” are selected on the basis of end-user’s experience. However, kits of other make can be considered, and can be called for kit demo/validation in consultation with end-users. Decision of technical expert committee will be final.

2. Item to be Added

Name of the item	Specifications
5(a) Anti HCV antibody ELISA-3rd generation (Pack size-96well/kit)	3 rd generation ELISA kit • Preferred make: Tulip, Biorad, Biomeriuxe, J Mitra

Unit rate of Item no 5(a) may be quoted in space given for bidder name alongwith GST and Total Cost.
