

VRmagic GmbH - Turley-Str. 20 - 68167 Mannheim - Germany

To Whom It May Concern

January 17, 2020

Proprietary Certificate

Dear Sir or Madam,

We hereby confirm that the

Eyesi Slitlamp Simulator

has been developed and manufactured by VRmagic GmbH, Mannheim, Germany and is based on proprietary technology. To the best of our knowledge, at present there is no comparable product available in the market that allows the training of ophthalmic diagnostic skills. This conclusion is the result of ongoing market survey and marketing efforts over several past years.

Kind regards,
VRmagic GmbH

Dr. Markus Schill
